

OLS Team,

In the last month, multiple high-level cartel members have been arrested, requiring increased force protection and awareness. We have a Commander's Conference this Saturday to better synchronize and share understanding from the JTF to the company/squadron level. Warmer weather is approaching, which will require increased hydration and the expectation of increased illegal mass migration. It's March Madness, and Texas has various teams, both men and women, vying for the title. See your continued impact on the mission below.

OLS Commander
BG Ullis

TMD OLS Mission Update (07 MAR- 13 MAR)
